

ProPharma Group Announces Acquisition of Kateric, An Industry-Leading Medical Writing Company

Chicago, IL, September 1, 2022 -- [ProPharma Group](#) (PPG), the leading global provider of regulatory, clinical and quality services for the life sciences industry, announces the acquisition of Kateric – a global provider of outsourced medical writing and clinical trials disclosure support.

Since 2004, Kateric has established a reputation as a strategic partner throughout the life sciences industry providing worldwide access to regulatory documentation services and capabilities over a range of product lifecycle needs. Through this acquisition, ProPharma Group immediately expands and substantially enhances its comprehensive suite of medical writing services. Mary Culliton, Founder and President of Kateric, will lead ProPharma Group's Global Medical Writing Business Unit, as Senior Vice President of Global Medical Writing, bringing with her 30 years of pharmaceutical industry experience.

"We are thrilled to welcome Kateric to our high-performing portfolio of medical writing services," said Michael Stomberg, CEO of ProPharma Group. "This is an incredible opportunity to supplement ProPharma Group's services and stay ahead of the significant medical writing demand worldwide. With the leadership of Kateric's highly successful management team, collaborating with our existing infrastructure, we are confident in our ability to seize the enormous opportunities ahead to support our clients as the market leader in this segment."

"We celebrate this significant partnership today as we formally join the ProPharma Group family," said Mary Culliton, Kateric Founder and President. "Under the ProPharma Group brand, we will combine our decades of experience to push the boundaries of medical writing, augment growth and innovation in the industry, and remain focused on consistently delivering outstanding capabilities and services to the life sciences industry."

For companies across the globe, ProPharma Group and Kateric have delivered medical writing expertise in all major therapeutic areas and stages of development. The company's quality medical writing solutions can be customized to serve clients of any size – from small, virtual biotech firms to global pharmaceutical companies.
