

deepeo

Anonymization!

**You can't
mask data
with a fake
moustache...**

What is deepeo?

deepeo is your one-stop data management solution!

A fully automated data compliance system that integrates with your current software to ensure your business remains GDPR compliant.

Here's how deepeo will work for you:

- ✓ Manage your data effortlessly without the need for costly, bespoke software
- ✓ Compatible with all leading database types
- ✓ The only software on the market that **deletes and anonymizes data**
- ✓ Receive full integration assistance

Discover deepeo's Dynamic Dashboard:

- ✓ Fully configurable, allowing you to set your own business rules
- ✓ Create customizable workflows and alerts
- ✓ Remotely administer Agents to perform housekeeping duties
- ✓ Get a holistic view of data stored in your organization
