

## Celebrate 30 Years of Cooler Master Legacy with the Hybrid 1 30th Anniversary Edition

---

**TAIPEI, TAIWAN** – Cooler Master today celebrates its 30 years of legacy by launching a limited-edition Hybrid 1 30<sup>th</sup> Anniversary Edition.

### Hybrid 1 30<sup>th</sup> Anniversary Edition

In a world of comfort and expression, the 30th Anniversary Edition Hybrid 1 is a limited-edition version of the current Hybrid 1. Hybrid 1 combines the benefits of comfort-driven office chairs with support-based racing seats, bridging the void between gamers and professional workers. Driven by extensive research, fully fleshed-out ergonomics combined with a unique identity is what truly makes the Hybrid 1 the best of both worlds.

Utilizing a light yet strong MuscleFlex® mesh as the main backing, allowing for ventilation of the back area to prevent heat build-up, with a fully adjust lumbar support, 2D headrest, and 3D armrests, the Hybrid 1 is a premium chair focused on ergonomics, yet still maintaining a sleek professional look that is sure to satisfy both work and play needs.

The 30th Anniversary edition is styled particularly on the front and back end of the headrest, along with a rainbow-colored pulley.

#### Availability

The Hybrid 1 30<sup>th</sup> Anniversary Edition will be available in limited quantities for \*MSRP \$499 in late November.

\*Pricing may be higher in various regions due to tariffs.

#### About Cooler Master:

Established in 1992, Cooler Master is a performance PC component and peripherals brand with a track record for advancing the industry. From the world's first aluminium PC case to our pioneering thermal technologies, we are committed to breaking technological boundaries and challenging the status quo. Our focus is to create a community for individuals who dare to stand out and embrace their inventive identity. Whether new builders use a PC as medium for self-expression, or hardcore gamers set up their battle stations as a confession of character, we revel in being Wired Different. We are a brand aiming to go above and beyond the build-your-own PC experience by creating cool products for awesome people to build in their own unique way.
