

# How to #FlushSmart

**Just because things are small enough to flush doesn't mean you should.**

Flushing these items down the toilet can damage homes, schools, businesses, water treatment systems and our environment.

## DO NOT FLUSH!!!

### Baby Care/ Sanitary Items

Baby wipes

Diapers

Sanitary pads

Tampons & condoms

Toilet paper tubes, packaging

### Grooming Items

Facial wipes, tissue

Cotton swabs, Balls, Pads

Makeup sponges, sheet masks

Dental floss, teeth whitening strips

Hair, hair weaves

### Household Items

Cleaning wipes

Paper towels, rags

Cooking oil, grease, fats, and motor oil

Medicines, syringes, bandages

Trash, cat litter, charcoal, food items

**Do Not Flush**

If a wipes package has this symbol, please dispose of it in the trash, not the toilet.

**When in doubt, throw it out!**
