### **Miva, Inc. Completes SOC 2 Type 1 Attestation**

*Rigorous security audit validates Miva's data management controls.*

**San Diego, CA — December 6, 2022** — Miva, Inc., a leading ecommerce software and service provider for mid-size and enterprise merchants, today announced that it has successfully completed the Service Organization Control (SOC) 2 Type 1 audit. The audit affirms that Miva's management practices meet SOC 2 standards for security.

SOC 2, a rigorous and widely recognized internal controls compliance standard developed by the American Institute of Certified Public Accountants, promotes best practices for systems and data management. This audit independently validates the security controls within Miva's systems.

"Miva's SOC 2 Type 1 attestation demonstrates our strong commitment to our merchant customers," says Rick Wilson, CEO of Miva, Inc. "Miva supports ecommerce stores across the world and our customers' success is incredibly important to us. With this attestation, our customers can be confident that we have invested in maintaining the absolute highest level of security throughout our systems."
