***ForConstructionPros.com* Reveals the 2022 Best Contractors to Work for in Construction**

Fort Atkinson, WIS. (December 19, 2022) – *ForConstructionPros.com*, the largest construction network in North America, unveiled the **2022 Best Contractors to Work for in Construction**.

The recognition program, hosted by the staff of *AC Business Media*, *ForConstructionPros.com* and its affiliated construction brands (*Equipment Today*, *Asphalt Contractor*, *Concrete Contractor*, and *Pavement Maintenance & Reconstruction*), honors the top construction companies that provide a positive workplace environment, competitive compensation, training, and opportunities for advancement.

To be considered, employers needed to register, and employees needed to complete an in-depth survey, providing feedback about their employer. Eligible construction companies had to have 15 full- or part-time employees working in the U.S., and the company's primary business activity had to be either general building construction, earthmoving, paving, concrete or specialty and trades, such as underground, utility, electrical, HVAC, demolition and others.

"We are pleased to honor the companies named 'Best Contractors to Work for in Construction' again in 2022," says Amy Schwandt, Chief Revenue Officer, AC Business Media. "These companies have worked hard to achieve this prestigious recognition and it is a testament to their hard work and dedication to the industry.

"There are multiple benchmarks that need to be met in order to qualify for this award and being named a Best Contractor sets these companies apart as they continue to work on community, culture, customer service, and best practices. These contractors are the best of the best for many reasons and a huge congratulations goes out to all applicants and winners."

Entry forms and surveys were handled by [the Best Companies Group](#), which analyzed the data and created an insights report based on the results. After a few months of tallying and analysis, *ForConstructionPros.com* and *Best Companies Group* are proud to congratulate the following companies identified as a **2022 Best Contractor to Work for in Construction**.
