Dr. Minoos Hosseinzadeh is Voted A Castle Connolly Top Doctor and is a Recipient of The Prestigious Exceptional Women in Medicine Award!

The latest list of top doctors and women in medicine has been released.

San Diego, California (March 2, 2023) –

The Fertility Institute of San Diego is proud to announce that Dr. Minoos Hosseinzadeh has been voted as a Castle Connolly Top Doctor and is a recipient of the prestigious Exceptional Women in Medicine Award!

Dr. Hosseinzadeh, the founder and medical director of Fertility Institute of San Diego, is a nationally recognized double-board-certified specialist in reproductive endocrinology and infertility with over 25 years experience. She has been nominated America's top ob-gyn for the last 11 years consecutively and America's most honored professional in 2019. She is well regarded for both her meticulous nature and for the individualized attention, care, and time that she personally devotes to each one of her patients.

"We realize that undergoing fertility treatment is an intimate, complex, and emotional process for patients. That's why we treat each patient as we would our own family. I believe what truly sets us apart is this nurturing environment coupled with the most advanced state-of-the-art IVF facility," says Dr. Hosseinzadeh.

Unlike many fertility facilities, Dr. Hosseinzadeh is your personal physician who knows everything about you as a patient. She will treat you from start to finish, attend all your visits, and perform all of your ultrasounds and procedures, including egg retrievals and embryo transfers.

DETAILS

For over 30 years, Castle Connolly Top Doctors mission has been to help people find the best healthcare. Their goal is to connect patients with these best-in-class healthcare providers. Other sites and publications either list all practicing physicians, regardless of clinical quality, or only list doctors who pay to be promoted. At Castle Connolly, they have no conflicts of interest and are able to provide an unbiased directory that people can rely on. When you are choosing a healthcare provider, look for the trusted Castle Connolly name.
