## 5StarWines & Wine Without Walls: the 2023 winners

**5StarWines & Wine Without Walls**, the prestigious annual wine selection event held for its 7<sup>th</sup> edition in Verona from 28-30 March, has announced a selection of 733 wines and 18 Trophy winners for this years event. The winner of the ‘Winery of the Year – Grand Vinitaly’ Trophy is Al-Cantàra, while the ‘Best Italian Wine – Banco BPM’ trophy goes to Marisa Cuomo. For the “green” section of the Selection, the winery selected for top honors is Fattoria La Vialla.

The Trophies of 5StarWines & Wine Without Walls 2023

Following three days of tastings by an international panel of distinguished judges, the winners of 5StarWines & Wine Without Walls have been announced. In total, **2269 wines participated** in one of the most prestigious selections in the Italian Wine Calendar.

Out of the participating wines, **733 achieved a score of at least 90/100** and will be included in *5StarWines – the Book* along with a dedicated tasting note prepared by the international panel of judges. The selected wines also benefit from an ongoing program of promotional support on a national and international scale. The producers

whose wines obtained an evaluation of at least 90/100 will **receive the diplomas of the Selection during Vinitaly** at the offices of wine2digital, Veronafiere, and will be immortalized with photos and short interviews. The wines that achieved a score between 85 and 89 will receive an official certificate of participation in digital format.

**Stevie Kim, Chief Communications Officer of 5StarWines & Wine Without Walls**, said: *"This year the number and quality of entrants to 5StarWines and Wine Without Walls has been higher than ever, with a particular surge in white wines. While we are delighted to announce the 'winners' of this year's selection, the reality is that every wine that participates in the event is a winner, as they benefit from the increased exposure and recognition, not just at Vinitaly but throughout the year, as we launch a program of promotional materials and events to showcase the best in Italian wine".*

According to **Daniele Cernilli, Editor at Doctor Wine and Founder of Gambero Rosso**: *"5StarWines & Wine Without Walls is an important selection that tracks current trends in Italian viticulture. A significant number of the outstanding wines that we tasted and evaluated were from Veneto, Piedmont and Southern Italy especially, areas currently experiencing exponential growth, both qualitatively and quantitatively, especially with regards to native vines".*

**Robert Joseph, Editorial consultant for Meininger's Wine Business International**, commented on the 7<sup>th</sup> edition of 5StarWines & Wine Without Walls: *"5StarWines & Wine Without Walls is the only selection where you can experience the full range of wines produced in Italy, as an international jury seeks to identify the very best examples across a range of categories. For consumers of Italian wine, both corporate and private, there's no better place to start than 5StarWines – the Book, which provides a fully updated picture of the best Italian wines currently on the market – as determined by an international panel of wine experts. That's what make 5StarWines so special".*

-----

**About:** [5StarWines – the Book](#) is the annual wine selection organized by Veronafiere, held in the lead-up to the biggest Italian wine fair in the world. The event is now in its seventh edition. 5StarWines – the Book is a blind tasting aimed at shedding light on wineries investing in the improvement of their products. During the event, a highly qualified panel of wine professionals will taste and score — using a 100-point scale — participating wines. In the 2023 edition, over 2,200 wines took part in the competition and 733 were selected for inclusion in 5StarWines – the Book. The Guide is a useful tool both on the promotional and commercial side. It introduces international buyers and wine lovers to new wine products of great value. It guarantees wine quality and it maintains and certifies their value at an international level.
