The William Warren Group Promotes Rona Siegel to National Director of Third Party Management
Real estate development, acquisition and property management company expands leadership team

SANTA MONICA, Calif. (April 10, 2023) – The William Warren Group (WWG), announces the promotion of Rona Siegel to the newly-created role of National Director of Third Party Management. Reporting to Gary Sugarman, Chief Operating Officer, this position recognizes Siegel’s tenure with the company and outstanding performance.

“Since joining the company more than six years ago, Siegel has been instrumental in cultivating our third party management platform,” said Gary Sugarman, Chief Operating Officer. “In her new role, Siegel will join the executive leadership team and spearhead the business development group responsible for growing the Third-Party Management business, while continuing to partner with our existing owners. The future is bright and we are fortunate to have Rona at the helm.”

Rona joined the WWG organization in 2016 as a District Manager for the Northeast region and in 2020, was promoted to Business Development Director, where she helped grow the WWG and the StorQuest management platform by raising the profile of storage facilities for owners and significantly increasing their net operating income.

About The William Warren Group & StorQuest® Self Storage.

The William Warren Group (WWG) is a privately held, institutional real estate investment, development, acquisition and property management firm based in Santa Monica, CA. Since its inception in 1994, its focus has been on investments in major metropolitan markets across the United States that offer significant cash flow, long-term capital appreciation opportunities, and revenue growth through its Private Operator Advantage third party management program.
