SETUP

Distribute an equal number of Map cards to all players

along with a Stop card and a full US map for reference

The game starts with the first player playing any Map card

For example: Texas

The following player can either

1. Pass their turn.
2. Play a Map card that borders the previous card,

For example:

or

or

or

3. Play a STOP card and follow any Map card.

+

If all other players pass,

the player who placed the last Map card
may play any Map card they wish.

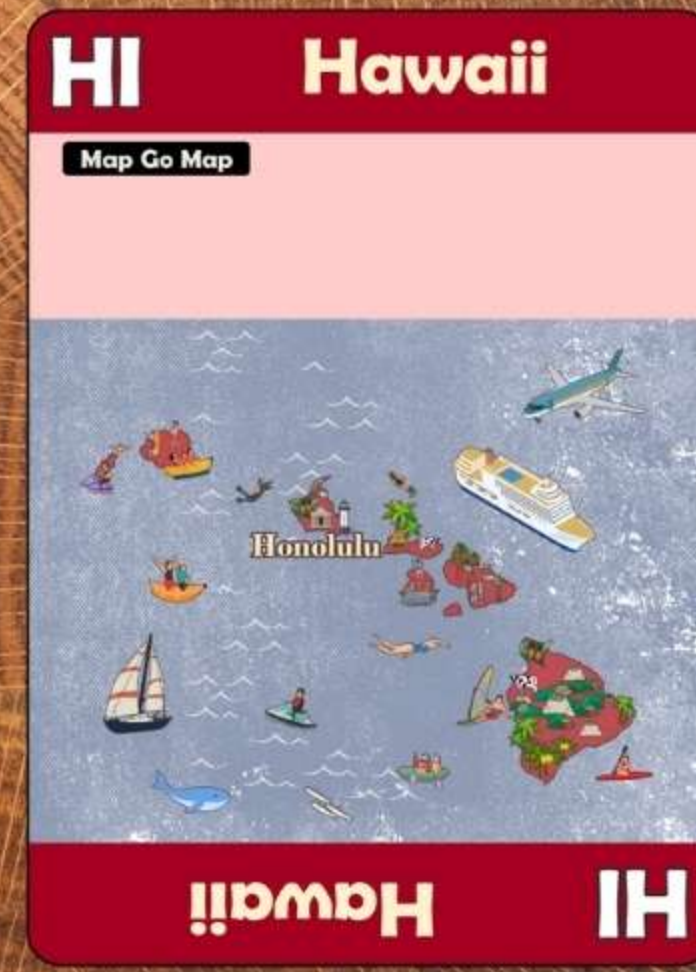

**The winner is the first player to
successfully play all their cards.**

The player who places the first MAP card, may play any other MAP card.

Note that 3 cards (AK, HI, and PR) have no neighbors

so when played, the next player must either
pass their turn or use a STOP card
