CASTILLO TECHNOLOGIES, LLC DBA AS CLOUD COMPUTING TECHNOLOGIES ANNOUNCES AWARD OF GSA MAS CONTRACT

Chandler, Arizona, July 17, 2023 – **Castillo Technologies, LLC**, doing business as **Cloud Computing Technologies (CCT)**, a leading agile DevSecOps cloud computer services firm, announced that it has secured the **General Services Administration (GSA) Multiple Award Schedule (MAS) Contract (47QTCA23D000J)**, part of streamlined government-wide acquisition contract program simplifying procurement and offering flexibility for government agencies. Receiving the **GSA MAS** contract represents a significant milestone for the company, highlighting its commitment to delivering reliable solutions and trusted expertise to the public sector.

“We are honored to have been awarded the *GSA MAS* contract and look forward to providing exceptional services and steadfast support to organizations across government and higher learning. This new development allows us to further align our expertise with the vital missions of these sectors to help make a lasting impact, driving success and innovation every step of the way,” said Dr. Alan F. Castillo, founder of CCT.

The *GSA MAS* contract, which confirms CCT’s position as a preferred provider of advanced technology services to government agencies and other organizations, is available to a broad range of entities, including the Department of Defense, the federal government, state government, local government, regional government, tribal government, local educational agencies, and institutions of higher learning.

Offering comprehensive expertise in agile DevSecOps, CCT delivers efficient and secure solutions tailored to the specific requirements and unique needs of government agencies and higher learning institutions. As a trusted provider, they will offer a range of cloud computing and IT professional services through their *GSA MAS* contract.

CCT has more than 20 years of experience serving clients in the public and private sectors. Commitment to quality, reliability, and customer satisfaction are the factors that set them apart in the marketplace. By leveraging their **GSA MAS contract**, CCT also ensures streamlined procurement processes for clients, allowing them to benefit from highly efficient, cost-effective, and secure solutions.

With the *GSA MAS contract* in place, CCT provides a dynamic suite of services, assisting organizations in maximizing the benefits of different methodologies. Specifically, under the *GSA MAS contract (48QTCA23D000J)*, services include DevSecOps Solutions, deep learning, AI with data security governance, and healthcare cloud solutions. Under their authorized Federal Supply Schedule Price List, CCT provides services in the Specialty Item Numbers (SIN) and corresponding North American Industry Classification System (NAICS) codes: **SIN/NAICS 518210C: Cloud Computing and Cloud-Related IT Professional Services** and **SIN/NAICS 54151S: IT Professional Services**. Additionally, CCT is a Federal Agile DevSecOps Partner for Amazon AWS.
